

# Study Abroad in South Korea through Yeungjin Scholarship Program

영진전문대학  
YEUNGJIN COLLEGE

Industry-College cooperation project

“Learn at Yeungjin and get a job at global companies (Kia Motors, Hyundai Motors...)”

Begins in August, 2012

Study 3 semesters(one year and 6 months) at Yeungjin and acquire a degree

Employed after the program at the following companies: Kia Motors in Slovakia, Hyundai Motors in Czech Republic, Samsung Electronics in Slovakia and their affiliates.

Yeungjin College is a widely-known and nationally-recognized prestigious college in South Korea for job placement-guarantee customized education and vocational education.

## Who can apply?

Anyone in any major including humanities and engineering (Mechanical Engineering students are preferred)

- University graduates or graduates-to-be (undergraduate students who finished at least 2<sup>nd</sup> year can still apply as well. For those undergraduates, job placement is not guaranteed because of the lack of Bachelor's degree. However, when they apply for global Korean companies mentioned above during its open recruitment after they obtain their degree, they will have advantages.)

- With English skills, willingness to accept Korean culture, desire to work in Korean global companies.

## What Benefits?

Scholarship of 800,000~900,000 Korean won per month (approximately 521~586 \*currency rate as of 2011-11-18) depending on the department

(After student selection before the 2<sup>nd</sup> semester, the amount of scholarship can be different due to the difference between the tuition fees of each department.)

Provided Job on campus as English facilitator (mandatory for scholarship)

After graduation, provided job interview without document screening and entrance exam

\* Duties of students on scholarship: helping Korean students with English skills in English Zone or serving as a guide at English Village (20~30 hours per week)

## Education

Practical knowledge training that is required by Korean global companies

1<sup>st</sup> Semester: Korean language, Korean culture and work ethics, business-related major subjects and introduction classes

2<sup>nd</sup> Semester and 3<sup>rd</sup> semester: mechanical major subjects or electronics major subjects or business major subjects depending on the major

Student Selection: Student groups will be reorganized after one semester. Based on the students' performance and aptitude during the first semester, a special group of students will be selected for intensive mechanical major or intensive electronics major. The other students will study in business major.

## Application deadline

First-come first-served basis.

Taking application all the time until June 1, 2012

## Costs

Tuition and living expenses can sufficiently be covered by the scholarship

If the Student does not want the job on campus, the tuition and living expense should be paid on his/her own without scholarship.

Tuition fee: 4,722,200 Korean won per year (approximately 3,082 Euro)

Admission fee: waived
